Ai GROUP'S
10TH ANNUAL
ECONOMIC FORUM

SPEAKERS PROGRAM

MANAGING THE RECOVERY

The economy is showing early signs of rising growth. But with an improved economic outlook come some new, and some old, challenges for business, governments and the Reserve Bank. The potential for inflationary pressures and skills shortages combined with ongoing competitive pressures and a high Australian dollar, mean different things for different businesses. These challenges will be the key focus of this year's forums.
