

Is your business seeking solutions to energy, water and resource efficiency challenges?

Ai Group Environmental Solutions Forum

Ai Group's environmental solutions forums help companies to solve their environmental challenges in the areas of water, energy and waste. The forums bring together companies facing environmental challenges with companies providing environmental solutions as well as providing networking opportunities.

When: Tuesday 28 September 2010
9.00 am – 11.30 am

Where: 51 Walker Street, North Sydney NSW 2060

Cost: FREE

RSVP: 22 September 2010

Government funding opportunities?

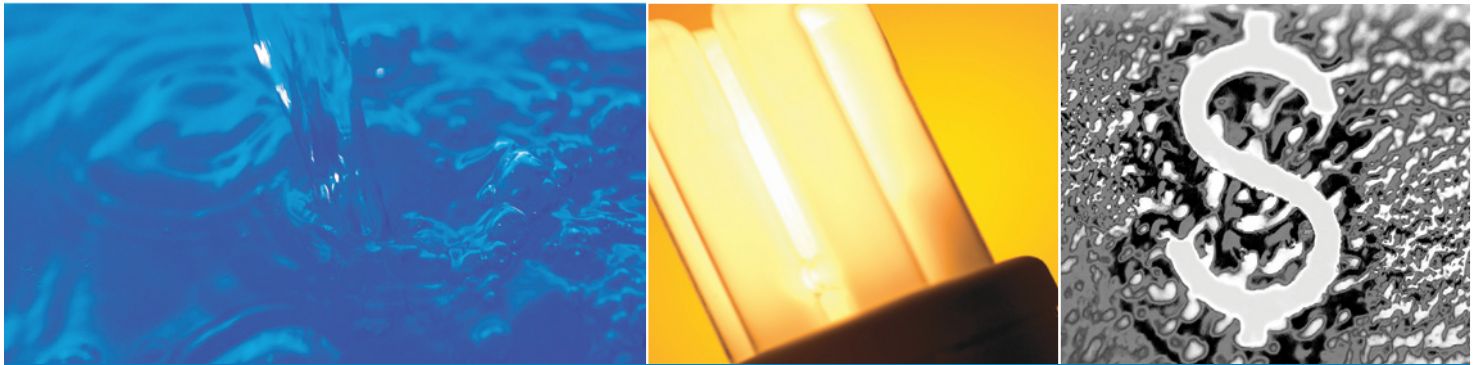

IS YOUR BUSINESS...

- Interested in accessing government funding and support?
- Looking for cost effective ways to identify opportunities to improve resource efficiency including reducing energy, water and waste?
- Looking for ways reduce operating costs?

This FREE seminar will outline the range of government programs available to assist companies identify and implement initiatives to reduce costs and improve environmental performance.

PROGRAMS INCLUDE:

- **Department of Environment, Climate Change and Water.** DECCW provides assistance to businesses in the areas of strategic planning, resource efficiency, sustainability and climate change. Identify assistance available to help ensure the long-term, sustainable growth of your business.
- **Post Election Government Funding and Assistance Programs.** This presentation will update you on funding programs for environmental initiatives post election.
- **Department of Education and Training.** Identifying the right training relevant to the needs of your business can be difficult given the range of programs on offer from Federal and State Governments. This presentation will provide an overview of the assistance available for training, skills and career development.
- **Enterprise Connect, Department of Innovation, Industry, Science and Research.** Enterprise Connect offers comprehensive advice and support to eligible Australian small and medium-sized enterprises to help them transform and reach their full potential.
