 AUSTRALIAN INDUSTRY GROUP

# Objective

*‘To support businesses to understand and comply with their environmental obligations’*

# What is involved?

- Assembly of relevant background info
- Walkthrough inspection
- Review site activities and environmental practices
- ½ to 1 day on site depending on size and activity of site

# What will you receive?

- What do you get?
- 'Free' access to environmental specialist
- Confidential report
- Assessment of key risks
- Understanding of your exposure to potential enforcement
- Advice of areas of non-compliance

# Who should participate?

- Sites without a dedicated environmental role
- Sites who've had past environment issues
- Compliance and Enforcement interactions
- Sites experiencing changes in operations or capacity growth

# Non-compliance
